| | <ul style="list-style-type: none">• Followed by a networking session where food and drink will be served• Confirm by email to: anup@verityeducation.com or Tel: 020 7493 0437 |

With the Government confirming they will trigger Article 50 by end-March 2017, the path to the UK's separation from the European Union is beginning to look a little clearer.

But questions remain: What lies beyond? What opportunities and challenges will emerge to impact you and your business? What should we expect post-Brexit?

WZCC-UK is committed to ensure that specific business implications arising from Brexit, and any support needed, is fully understood. Our first Brexit seminar will be presented by a passionate Brexiteer and an excellent speaker who offers a different perspective and insights on the journey ahead.

In Sep 2011 Stephen Fry was appointed as CEO of Hounslow Chamber of Commerce, one of the UK's largest and most progressive Chambers. His role is to lead the Chamber both as a Company and as a Lobby Organisation for the 18,000 firms in the Borough. He has previously run his own group of companies successfully.
